From this Table the time of High Water on any day during 1889, for the Ports mentioned may be found.

RULE.—To or from the time of High Water at Brisbane Bar for the given day (to be found in the Calendar on previous pages) add or subtract the constant (tide interval).

EXAMPLE.—To find high water A.M. and P.M. at Wide Bay on March 20, 1889.—High Water at Brisbane Bar on that day is 11.40 a.m. and 11.58 p.m., subtract the constant for Wide Bay 1.35, and the result is 10.5 a.m. and 10.23 p.m.

JANUARY.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

AS this Calendar is written for the Colony generally, those who look to it for help, will need to remember, that instructions cannot possibly be written that are adapted to all latitudes and for variations in the usual weather; common sense and judgment must be brought to bear upon the instructions given, in order that successful results may follow.

GARDEN—VEGETABLES.—Always keep unoccupied land well broken up, and allow no weedy growths to nourish insect pests, and impoverish the soil. Summer vegetables—such as some varieties of beans, Chinese long and Fiji runners, also Chinese spinach, sweet corn, cucumber, vegetable marrow, melon, and pumpkins—are in season. Only on the Downs, or in cold districts, can other vegetables be grown at this hot season, for during heat it is waste of labor, time, and money to attempt to grow them. Plant sweet potatoes, and get land in readiness for cabbage and cauliflower seeds to be sown in a month or six weeks' time, or sooner in colder districts.

FLOWERS.—The same care and culture generally as for vegetables, and general attention to cleanliness and appearance is the most to be done. Roses may be budded. So roses and ornamental shrubs may be layered. Seeds of zinnias, balsam, coleus, amaranthus, and cockscomb may be sown. Plants like dahlias and chrysanthemums of weakly and straggling growth, need keeping in trim with the knife, and secured with stakes. The dead or decayed leaves should be cut off. Preparations should be made for the Autumn sowing of annuals.

FRUIT.—Little can be done now, but matters of ordinary cultivation. Pine apples and bananas may be planted; fruit trees of all kinds prevented from wasting their energies in the production of useless wood by pinching out all such while young; tropical fruits grown in pots may be planted out; and where mulch is available, it is of great advantage to cover the soil with a *thin coat*, as it prevents excessive evaporation and too great absorption of heat into the soil; and, if not too freely used, is promotive of health, vigour, and productiveness generally to the trees and crop. Straw, grass (free from seed), leaves of all kinds, and straw manure form effective materials for mulching.

FIELD.—Destroy weeds before they seed; break up land in preparation for future crops; sow small quantities of Cape barley, rye, and oats for green fodder in the colder districts; and maize for a late crop in the Central districts; but in the North sow setaria germanica, teosinte, and any of the tropical millets. Keep growing crops clean.

PLANTATION.—Among the sugar, cleansing and planting operations will still need careful and constant looking after, and may be attended to in the North from time to time as weather and circumstance permit or render necessary. Arrowroot will now simply need ordinary cultivation for promoting free growth and keeping down weeds. Coffee will now be setting its berry, and if any means of applying liquid manure are available, it could not be done at a better time. As a matter of course, the plantation of such should be kept always scrupulously clean, and either a broken surface kept to the soil for the purpose of a mulch, or a light mulch of some other material be provided. Mulch is not an unnatural thing, for nature provides a carpet of living mulch to shade the ground, and man can provide something better in the shape of something dead, which does not rob the soil.

BUSH-HOUSE.—This will become more and more an essential to comfort and convenience as an adjunct to the home and the well-kept garden, as the colony advances. It should now be gay with coleus, caladiums, begonias, gloxinias, achimenes, and tidias; and with suitable provision therefor, seeds of primula, cineraria, calceolaria, and pansies, and other choice florist's flowers may now be sown, but should be protected by glass or calico in the event of heavy rain. Plant ferns and fix orchids at any time when convenient and moisture permit.

F E B R U A R Y .

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN—VEGETABLES.—This should be an active month. Dig roughly all unoccupied beds which have been previously trenched, adding well decomposed manure, or bone dust, if manure not available. Transplant cabbages, Brussels sprouts, cauliflower, celery, &c. Sow French beans, beet, Brussels sprouts, carrot, cauliflower, celery, mustard, cress, lettuce, radish, prickly spinach, endive, onion, peas, parsnip, and turnip. Plant out strawberries in ground previously prepared by being trenched and thoroughly manured, treading the surface very firmly before planting. Mulch the melon and cucumber holes with a dressing of long stable manure; form the surface between the holes so as to catch water during thunder showers. In very dry weather, when the cucumber plants appear to suffer, give ten to twenty gallons of water in the evening to each hole, so that they may be thoroughly soaked, applying the water so that it may get into the soil where the roots are. Gather seeds as they ripen. French beans, &c., should be gone over daily, and gathered as soon as they are ready. In the North, now is the best time in the year for sowing sweet corn, but it is yet early for the bulk of the vegetables mentioned above.

FLOWERS.—Great activity must prevail now to catch the season for a good floral display with plants that will not endure heat. Most English annuals can be grown now and later on, that will not even germinate during the heat of summer. No matter how excellent the seeds of mignonette, sweet pea, larkspur, and many other annuals indigenous to cool climate may be, they positively refuse to germinate while the soil heat is high, and many people waste time, patience, and means trying to effect the impossible, and blame the seedsman for their own mistake. Rich soil and a well prepared friable seed-bed, and if artificially shaded from sun and heat, so much the better; and then seeds of phlox, pansies, coreopsis, asters, cinerarias, daisies, and many other floral gems and favorites can be grown successfully, on the Downs especially, in South Queensland fairly, but in North Queensland only partially, and then by starting later on. Continue to bud and layer roses, and layer also any choice shrub desirable to propagate. Keep all clean and neat.

FRUIT.—Continue planting tropical trees from pots, and in the North also forming plantations of pines and bananas. Bud all stone fruit. Thin fruit on trees too heavily laden, and prop and secure all branches which are carrying a great weight of fruit. Oranges bearing heavily would be benefited by a top-dressing of some good special manure or by liquid manure from cowsheds and urinals, or hen manure previously mixed or dissolved in water, diluted to a weak state and applied freely, or during a fall of rain. Superphosphate of lime freely mixed with wood ashes and lime is an excellent dressing to apply to an orangery in wet weather, when the trees are bearing heavily. Collect leaf mould, or waste vegetable matter, for use when planting fruit trees during the approaching winter.

FIELD.—Continue to prepare land, ploughing it deeply. Lucerne may be sown in clean, well-ploughed deep soil. Vetches or tares, Cape barley, and sorghum should be sown for green food for stock. If sheltered and in a warm position, 90 day maize may be sown. Early potatoes may be planted whole. Sulphate of lime or "superphosphate" applied to the soil greatly increases the health and productiveness of potatoes. Keep the land clean, and hill up maize.

PLANTATION.—Most of the advice given for last month still holds good, except that planting cane in the South is now risky.

MARCH.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN—VEGETABLES.—If previous instructions have been followed, the seed beds will be full of young plants, and there will be sufficient land well dug and manured ready to receive them. Plant out cabbages, cauliflowers, Brussels sprouts, celery, etc., in favorable weather, that is, just before rain, choosing the largest and finest plants. Keep the beds free of weeds by frequent and deep hoeing. Give asparagus beds a slight dressing of salt, and fork in plenty of well decomposed manure. Transplant eschalots. Sow English beans, French beans, beet, carrot, mustard and cress, celery, lettuce, endive, leek, onion, peas, parsnip, radish, prickly spinach, turnip, couve tronchuda, savoys, and so forth. Beds deeply trenched and well enriched with manure should now be made for asparagus or rhubarb, either of which will thrive better, and be more readily and thoroughly prolific if never transplanted.

FLOWERS.—Still follow up the plan of utilizing the borders during winter and spring with favourite annuals, by enriching the soil with well decomposed manure or bone dust, and sowing the seeds or transplanting the young plants in suitable weather. Those who wish to have a good display of pansies, asters, and mimulus should not leave the sowing later than this month. The farther North one goes, the more does this apply. Preparations should now be made also for a good bed for cuttings by providing a patch of friable soil, and some artificial shade for it, and through the winter it would render much service for striking cuttings of all choice plants, roses, shrubs, etc. This bed must not be in the vicinity or shade of large trees.

FRUIT.—Fruit trees or vines that have been sickly or unproductive during the season, should now be seen to, so that they may be manured, syringed, scrubbed, pruned, or grubbed out, as the case may demand. A spade should never be used in an orchard or orangery, being frequently very destructive to the roots of fruit trees. All land intended to be planted with fruit trees during the approaching season should be trenched and manured this month if not already done. All stiff and retentive soils should be carefully drained at least six inches deeper than they are trenched, regardless of the inclination of the surface. It should be remembered that the roots of the trees will be under the surface where the water will be retained, unless drainage be provided.

FIELD.—Sow lucerne, clover, rye grass, prairie grass, oats, barley, wheat, vetches or tares, and sorghum. Sow main crops of potatoes in all the warmer districts of the colony. Hoe early potatoes; gather maize as it ripens; cut tobacco leaves as they arrive at maturity. Sow mangolds, Swede turnips, and kohl rabi for winter food. In the North, maize, tobacco, setaria germanica, and teosinte may still be sown.

PLANTATION.—In the North great activity in planting will still continue, both with sugar-cane and tobacco fields, and where rhea cultivation is thought of, the time for breaking up and preparing land for the cuttings is now at hand.

BUSH-HOUSES.—Now is a good time for forming them. Taste, ingenuity and skill are wondrous adjuncts to success with these artificial aids to comfort and luxury. More individuality and less imitation brought to bear on these structures would probably bring to light some new and valuable ideas. The real value of these structures is hardly realised yet, so an effort to make them of some more durable and permanent material would be a step in the right direction. They should never have any living shade about them, nor yet anything growing near them like passion vines, or greedy feeding shrubs or trees, or the soil within will be impoverished by them, and all attempts to make the inside floriferous or attractive quite nullified. This is a very common and fatal mistake with shade houses.

A P R I L.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN—VEGETABLES—Advice for last month still holds good, and in the far North no season like the present can be availed of for planting potatoes, and growing some of the leading winter vegetables, such as cabbage, lettuce, carrots, radishes, peas, and kidney beans. In cooler districts keep down weeds by continual hoeing. Divide and plant out pot herbs, giving water if requisite, until they are established. Plant out cabbages, cauliflowers, &c., in favourable showery weather. Sow English beans, mustard and cress, lettuce, endive, leek, onions, peas, radish, &c., for succession.

FLOWERS—Many annuals should now be up strong enough to handle, and judicious thinning is very important. One or two plants in each place is ample, for they will make as large and as floriferous a display as fifty. Plants not wanted in any patch may be transplanted. Many hardy flowering plants such as petunias and geraniums, and other soft-wooded things, may be struck freely now by putting cuttings in where they are to remain. The petunia strikes freely enough thus, but sometimes does not transplant well, so those who take this hint will find it helpful. To rose cuttings the same remarks apply. Some varieties—such as Marechal Niel—strike freely, but succumb on being disturbed; the safe way of dealing with them, therefore, is to put the cuttings where they are to remain, of course, into some soil adapted for encouraging root growth. Those wishing to grow good asters or pansies will find a shady border under a fence, and additional shading with boughs or calico of very great service. Violets also want all the cold they can get in Queensland to flower freely. The transplanting of flowering shrubs and roses, may now be attended to.

FRUIT—Where practicable, the transplanting of fruit trees can now be undertaken; and, if done with care, with as much earth as possible round the roots, they will soon emit new roots, and be established in their positions before the final fall of the leaf. This applies specially to evergreen fruit trees, such as lemons, oranges, mangoes, loquats, olives, tamarinds, &c. In transplanting, take care that a sufficiently large hole is dug to allow of the roots having ample room; if any of the roots have been bruised or broken in the moving, let the damaged portions be cleanly cut off with a sharp knife; do not set the transplanted shrub or tree any lower in the new ground than in its original place. For some days it is well to shade it, either by matting on sticks or any other contrivance that may answer the desired purpose. Water should also be freely applied when the tree is planted to settle it in its new position, and only at occasional intervals afterwards, when dry weather prevails. Prop up bananas which have heavy bunches of fruit.

FIELD—Sow vetches, lucerne, wheat, barley, oats, mangold and Swede turnips. Gather sorghum and imphoe as they ripen, or the birds will either consume or scatter it. Plough land for future crops. Cut and house tobacco as soon as it arrives at maturity.

PLANTATION—In the South this consists in getting ready for garnering and manufacturing arrowroot or sugar; in the North, cane planting or setting out tobacco may still proceed if showery weather permits. Coffee planting may be attended to in the North, also at any time that soil moisture shows it to be advisable.

BUSH-HOUSE—The shading must not be too dense low, or it will be destructive or weakening to plant life and especially to floriferousness. Vacancies may at any time be filled, and taste and attractiveness displayed in furnishing suitable variety of flowers in season. Much needed propagation should now be attended to.

MAY.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN—VEGETABLES.—Transplant onions, garlic, eschalots, rhubarb, etc. Sow lettuce, endive, leek, onion, peas, radish, mustard and cress, cabbage, turnip, carrot, parsley, and pot herbs. Prepare beds intended for asparagus. In doing so, choose the best soil the garden affords, and the ground must be dug deep and most plentifully manured. Rhubarb may be planted also, in deeply-dug, well-manured beds. The onion crop sometimes suffers severely from the ravages of a green grub, which is in some soils in large numbers. Land intended for this crop, should be previously examined for these pests, and if possible receive a dressing of soot, which would be a valuable manure for the onions. In the tropical North only a few things which mature rapidly—say in a few weeks, or at most two or three months—are worth trying. Eschalots, lettuce, radishes, cabbage, turnips, and carrots, of these above mentioned, and sweet corn, kidney beans, and English or sweet potatoes being also serviceable.

FLOWERS.—Hardy English annuals may still be sown, but the results from those put in now will not equal others sown months earlier. Continue planting roses and flowering shrubs, and attend to all needful pruning, putting in all needed cuttings in the cutting bed before mentioned, prepared for propagating purposes. Plant all spring flowering bulbs and tubers, dahlias included, and mark the place sufficiently, if in the case of gladioli or dahlias, with a stake suitable for the plants to be tied up to. (In the Southern parts of Queensland dahlia planting had better be left till September.) Plant hedges of Duranta or the African box thorn; the former will do in cuttings, the latter in seed.

FRUIT.—Transplant fruit trees and evergreen shrubs, do not plant too deep; put fine mould among the roots, making it firm with the foot, and using water copiously afterwards to settle the soil among the roots unless the soil is wet. Transplant strawberries into leaf mould or well decayed cow dung, giving them abundance of water during their fruiting season. In cold situations, protect tropical fruit trees, and throw a little hay over the pineapple plants, with the same object.

FIELD.—Sow vetches, barley, oats, rye, wheat, also lucerne and other grasses. Cut tobacco, and continue planting it out in the North. Earth up potatoes. Rye, as green fodder, is much relished by cattle and horses, and if not allowed to go to seed, it will make a good sward for grazing over, being green and succulent during winter and early spring.

PLANTATION.—During this month, in the South, cane crushing and arrowroot manufacture will require best attention, and the cane will also come in for its manipulation soon in the North. Coffee will now be ripening and will require to be gathered and treated without delay. Where fresh plantations are demanded, good seed beds should now be made under a dead shade, and the seed sown in nursery beds for transplanting during the moist weather of summer. Plantations of ricea may still be made from cuttings, if the soil moisture is sufficient to warrant it. Cane planting may still be done in the North. All new work in clearing and breaking up fresh land should be pushed forward vigorously while the winter lasts. In the North, tobacco and maize may still be sown.

BUSH-HOUSE.—If this retreat has been seasonably attended to, it will now be gay with such flowering plants as fuchsias, begonias, pansies, and other favorites, and cinerarias and primulas will be ready to do their best directly. All flowering plants are the better for an occasional watering with liquid manure, not at all strong. Weak but often is the rule.

J U N E.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN—VEGETABLES.—No colonial grown cabbage seed should be sown until the latest sowing takes place, as it runs to seed when the plants are ready to heart. The English seed does not run until the second season, and will, therefore, heart perfectly. Transplant horseradish, eschalots, rhubarb, strawberries, sea-kale, etc. Sow brocoli, Brussels sprouts, cabbage, red cabbage, cauliflower, lettuce, endive, peas, English beans, radish, etc. To grow watercresses dig a trench, as if for celery; turn in abundance of well decayed manure, at the bottom, sifting some fine soil over it, and dibble the cuttings in at a foot apart, giving the whole a good watering. They must be well watered afterwards about twice a week; and if a leaning shade be erected over them on the sunny side it makes the cresses the more suitable for use. Cabbage, carrots, lettuce, radishes, turnips, sweet corn, and sweet potatoes, are still serviceable for the North.

FLOWERS.—The sowing of annuals becomes risky and doubtful now, except a few which are proving very hardy in Queensland. If moisture be plentiful in the soil, however, and the land well enriched to cause a rapid development, that will materially alter the case. As a rule, however, annuals sown now, unless tender ones adapted to the summer growth, are not likely to give satisfaction. Finish the pruning and transplanting of roses and flowering shrubs, and water all newly-planted shrubs or trees sufficiently to keep the soil moist, but not more. Too frequent applications of water to plants not freely growing, is often death rather than life to the roots. Fill up the cuttings bed now with choice cuttings, and water them sufficiently at first to keep the soil moist about them and not more.

FRUIT.—Orange trees which are not in good health should have their trunks and large branches scrubbed with a scrubbing brush, and washed clean before the spring growth commences. The surface soil to the full circuit of the foliage of the tree should have a dressing of stable manure. Apple trees affected with American blight should have the earth removed from the roots near the surface, and they should be painted with castor oil, or strong Gishurst Compound. Some sorts of apple are "blight proof," and these should have the preference when planting, as far as practicable; and the others should be worked upon stocks which are blight proof. Transplanting fruit trees and vines should be proceeded with vigorously. Prune fruit trees and vines, protect bunches of bananas in cold situations, by covering each with a light bag open at the bottom.

FIELD.—The arrowroot will fill out rapidly as the cold checks the growth at the top. Sow oats, lucerne, rye grass, vetches, prairie grass, etc. Prepare land in warm situations, for sowing with maize, and planting with potatoes next month. Early sown wheat often escapes rust and other ills which affect later crops. It is late for maize and potatoes in the far North, unless done at once.

PLANTATION.—The advice given last month is of equal value for this everywhere in the South, for the weather will still be too cold to allow of planting fresh breadths, and only gathering crops or breaking up new land can yet be done profitably. In the North, the weather is likely to be too dry in most places for successful planting, and as the busy time for cane crushing is commencing, planting may well stand over in most cases.

BUSH-HOUSE.—Finish making alterations and additions as soon as possible now, and attend to the directions given for last month. Fill up vacancies with ferns, lycopods, and orchids; and remove everything unsightly, or the effect is easily destroyed by a little negligence and slovenliness. As the weather, particularly at night time, is now getting cold, the westerly side of the house should be protected by matting.

JULY.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN—VEGETABLES.—The seeds adapted for sowing this month are limited to those which either mature quickly or endure heat well. Except on the Downs, cauliflowers should not be sown; cabbages, carrots, parsnips, beets, peas, lettuce, radishes, mustard and cress, turnips, onions, leeks, and herbs may still be sown. In well prepared ground, asparagus and rhubarb seed may be sown, the plants from seed, in either case, being much more vigorous and prompt in maturing when never transplanted than when moved. In the North, a final sowing of sweet corn should be made this month, and also the last sowing of cabbage, lettuce, radishes, turnips and kidney beans. When sowing seeds after rain, see that the land is in a friable condition; if too wet, it will clog and bind together. The soil should never be walked over or disturbed, by sowing or digging the crops, until it is sufficiently dry to be friable. Plant out onions and eschalots. Three or four days after planting, rake the soil between the rows in dry weather, it will kill thousands of young weeds.

FLOWERS.—The sowing of English annuals should now be over, the varieties seasonable being such as portulacca, balsams, cockscombs, amaranthus, a few annual phloxes and may be also Indian pinks. Early sown annuals will now be in bloom, and those wishing to save good seed should ruthlessly uproot every indifferent flower, or the strain of seed must degenerate; by acting strictly thus, every one can greatly improve upon his present strain of bloom. Finish the planting, pruning, and propagating of roses and shrubs, and finish hedge planting.

FRUIT.—Finish pruning fruit trees and vines. Plant out fruit trees and vines, and cuttings of grape vines, and such trees as are propagated in that manner. Graft young orange trees. The Seville orange forms the best stock upon which to graft approved sorts. Prepare land hitherto neglected, that all planting may be finished by the end of next month if possible. Eradicate docks, and give a dressing of salt to the vines and fruit trees, lightly forking in well-decayed manure where necessary.

FIELD.—Finish planting lucerne as early as possible. Sow oats, vetches, etc. Prepare land for potatoes, maize, tobacco, sugar-cane, carrots, mangold wurzell, chicory, etc. Plant potatoes and maize. Take up and prepare arrowroot as the crop matures, and as soon as convenient get in the seed for next season's crop. Plant cuttings of *Jatropha manihot* for tapioca. In the North, plant sweet potatoes, and if moist enough, sow rice, millet, and teosinte.

PLANTATION.—As sugar manufacture is now in full swing, soil preparation and planting will be as much as possible deferred; still, where it is at all possible to get out-door work in the soil done, determined effort should be made in such cases to compass it. Timely work is everything in profitable cultivation. Cane planting may be deferred a month or two, yet the plant would mature earlier, and the juice acquire a better density if early planting were done. Tobacco planting in the North should be advanced almost to first crop now, and watchfulness therefore be called for to secure quality, the only way to realize profit thereby. Cleanly and thorough cultivation yields good returns always in plantation, garden or field.

BUSH-HOUSE.—There should be plenty of bloom in a well-tended bush-house now, as begonias, cinerarias, primulas, pansies, fuchsias, violets, and mimulas are in season, and should have frequent waterings with weak liquid manure. Never neglect an opportunity of adding to the fernery, it may be by weeding out something inferior to substitute a better therefore. A well-ordered fernery is a greenery everywhere the eye may chance to alight.

AUGUST.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN — VEGETABLES. — Peas sown this month should have a cool aspect. A dressing of salt at this season, at the rate of 7 or 8 lbs to the perch, would be of great advantage to most soils, tending to sweeten the land, destroy insects, discourage weeds, fungus, mildew, and to retain moisture. Sow beet, melons, cucumber, lettuce, okra, parsley, pumpkins, vegetable marrow, radish, rhubarb, round spinach, tomato, tobacco, carrot, (large sowing), leek, cabbage, kidney beans, turnip, parsnip, etc. Plant out horseradish, rhubarb roots, herbs, sea-kale, asparagus, Jerusalem artichokes, ginger, etc. Destroy weeds while young, and syringe with Gishurst Compound, or with strong soap suds in which a little kerosine has been well mixed, plants which are attacked with aphids. In warm localities South, sow sweet corn and resellas, the latter in a bed for transplanting.

FLOWERS.—Watering in dry weather is now very advantageous, and any method helpful to get the water to the roots instead of on the surface (for the sun to remove by evaporation) will be immensely serviceable. If no other plan can be devised, a piece of an old broom handle pointed and used to make a funnel to open the soil, will render efficient service, the hole at the top being covered with a stone or something to hide it and to be used again. All transplanting will need to be done with greater care now, as the heat increases, or the tender plants will succumb. See that recently planted roses and shrubs are moist at the roots. Never apply liquid manure to the roots of a plant not healthy or in vigorous growth. Last year the weather was very severe, many plants and shrubs being injured, and in some cases killed by the frost. Precautions should be taken to protect them.

FRUIT.—Endeavour to finish planting fruit trees, vines, and other plants, as the sun will be gaining power, which will increase the labour and risk. Young orange trees which show too much bloom should have it removed, and receive a little liquid manure to produce foliage. If any of the orange trees are affected with the aphids, they should be well syringed with a solution of Gishurst Compound, or of water in which a small quantity of soft soap and sulphur have been dissolved. A small quantity of kerosene in a bucket of warm water has been found very effectual against scale, blight, etc. It should be well mixed, syringed on and kept from the roots of the trees. This syringing should be done either before blossoming or after the fruit has set. Slaked lime dusted on the trees is sometimes found very useful. Graft China pears as they break very early. Keep the land clean and the surface open to receive the dews and showers.

FIELD.—Keep the crops clean. Plant potatoes, maize, rice, yams, arrowroot, etc. Hoe up potatoes. Sow sorghum, imphee, teosinte and tobacco. Silk worms will now require constant attention, feeding them frequently with young tender leaves. Earth nuts are a profitable crop in a light friable soil, especially near the sea shore, and in soil having lime in it.

PLANTATION.—In the South, planting—except in the case of arrowroot—may be profitably deferred. All land intended for planting should now, however, be in readiness or nearly so. In the North, sugar-cane planting should not longer be deferred, nor should rheea planting be left any later, neither tobacco.

BUSH-HOUSE.—In warm and sheltered localities specialities in colons, caladiums and crotons should now be in place for the season, and gloxinias, achimenes and tydeas be planted. Fine bone-dust is an excellent invigorator of fern borders, and if mixed with peat, wonderfully assists the finer sorts such as *Adiantum Parleyensis* to develop its grand fronds. Bone-dust and powdered charcoal with a peat base, is excellent for all ferns and orchids requiring rooting material. A good peaty compost should always be kept in supply for potting.

SEPTEMBER.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN—VEGETABLES.—As summer weeds make their appearance, keep the land thoroughly clean. Take every opportunity to collect manure of all kinds, to be thrown into well puddled tanks, to rot down for use in autumn and winter. Valuable lessons may be learned from the Belgian farmers upon this important but much neglected subject. During the summer months in this colony, manure should generally be applied in the liquid form. A cask sunk in the ground with hen manure or cow dung thrown into it and water added will afford a ready supply. See that crops are not planted too closely to be crowded. Trench vacant land in preparation for future crops, leaving the surface rough, to mellow by exposure. Sow French beans, pursley, beet, capsicum, chilli, cardoons, lettuce, eggplant, okra, sweet corn. Cape gooseberry, radish, rhubarb, round spinach, tomato, tobacco, cucumber, melons, pumpkins, vegetable marrow, carrots, parsnips, etc. Transplant cabbage, eschalots, etc. Plant Jerusalem artichokes, rhubarb roots, sea-kale, asparagus, ginger, earth nuts, etc. Sow rosella. Plant sweet potatoes. On the Downs plant English potatoes.

FLOWERS.—Make edgings of alternanthera as the weather gets warmer and moist, and plant out ribbon and carpet designs in flower borders, with coleus and other suitable foliage and flowering plants. Watch for green fly on rose bushes and elsewhere, and apply Gishurst Compound, or soft soap and water with a syringe to destroy them, be careful that the mixture is not too strong. Fill up borders with tender plants for summer ornamentation and display. Attend to cleanliness and neatness everywhere. Dahlia bulbs may now be planted, taking care that the colours are properly grouped for effective display.

FRUIT.—In dry weather give recently planted fruit trees sufficient water at the roots at intervals, leaving the surface to be kept damp by a mulching of stable litter. Destroy all caterpillars that infest the vines about this time. Attend promptly to the disbudding of grape vines; removing all suckers and superfluous shoots as soon as they appear. Tie up fruiting shoots to the trellises as they advance. Graft apples and pears.

FIELD.—Keep the land clean and loose among growing crops. Plant arrowroot, yams, sweet potatoes, tobacco, etc. Sow implee, sorghum and maize for green fodder. The sunflower may now be sown. Continue planting and hill potatoes, especially in the cooler districts, and finish cotton pruning.

PLANTATION.—As the warm weather advances, the planting of tea, coffee, allspice, cinnamon, cocoa, as well as all tropical fruits and shrubs, should be attended to, in tropical or sufficiently warm localities. When newly planted and firmed with the foot afterwards, saturate the soil with water, and then apply a coating of mulch to prevent the surface from caking, and the moisture from evaporating. Some light shade to the foliage until the plants take hold of the soil is also necessary to give the nursed and tender plants a chance. In the South, plant tobacco and sugar cane; in the North sugar cane, and keep the soil everywhere in as good a state of tilth and openness as possible to catch all the moisture available in dews or showers.

BUSH-HOUSE.—Remove as far as possible all dead and decaying stems and fronds of ferns, as they furnish a lurking place for mealy bugs, thrip, and scale which are a scourge of many of the fern family. A sponge moist with a solution of Gishurst Compound applied to fronds thus affected is at times needful. Fuchsias in bloom are grateful for syringing with clean water overhead frequently. Begonias are better without much syringing thus. As cinerarias, primulas, mimulus, or pansies become spent, they are as well dispensed with, for they seldom or never repay the trouble of keeping, and are difficult to keep except when in a very cool border.

OCTOBER.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN—VEGETABLES.—Keep crops clean, mulch them and give water where necessary, and if watering be attempted, it must be more than a mere sprinkling of the surface, for that does more harm than good. Sow parsley, French beans, lettuce, okra, radish, round spinach, beet, vegetable marrow, melon, carrot, cucumber, tomato, rosella, etc. Sow St. John's Day cabbage, which is the best for summer culture, being early, hardy, of fair quality and withstanding heat, dry weather and aphids better than any other. Convert all waste vegetables into manure in some form; either to feed pigs, or throw them into the manure tank or cask to rot. In the warmer districts of the colony only the Chinese spinach, Chinese long or Fiji beans, or Madagascar beans are worth bothering with, now that heat is in the ascendancy. Sweet potatoes may be planted everywhere now with confidence.

FLOWERS.—The main work in the borders now is watchfulness for weeds and seeds of annuals, and keeping things generally snug and trim. Only such planting as is seasonable, which consists in transplanting tropical annuals, and biennials, or in propagating the same from cuttings should be attempted. Trim duranta hedges, and plant edgings of alternanthera when moisture permits. Always keep a supply of good compost ready to put about the roots of choice plants when putting them out into the borders, or for sowing choice seeds in.

FRUIT.—Thin out the fruit on China peaches of all kinds, and carefully eradicate the suckers which spring from the root. Attend to disbudding, that is, removing superfluous shoots from fruit trees of all descriptions, as it is of great relief to the tree in every way. Remove all the strong watery shoots which fill up the inside of the tree, so as to admit sun and air, and leave the whole strength of the plant to mature the crop. Support the branches of the tree as the fruit swells. Examine the orange trees, and if either thrip, smut, coccus, or fungus appear on the stems, scrub them as recommended in June. Tie up the vines as they grow, being careful not to injure the foliage (which performs the functions of both lungs and stomach for the plant), and see that the fruit is sufficiently protected from the direct rays of the sun. It is a good plan in order to secure fine fruit, to thin out with a pair of sharp-pointed scissors some of the grapes in overcrowded bunches. Sulphur the vines on the first appearance of *Oidium*; do this in the early morning while the dew is on the vines. Plant bananas and pine-apples. Trench and drain the land intended for planting fruit trees in the winter; and if well cultivated, one crop taken from it would improve its texture.

FIELD.—Clean and earth up growing crops. Plant yams, earth nuts, ginger and sweet potatoes. Sow sorghum, luphee, maize, *setaria germanica*, and in warmer districts teosinte.

PLANTATION.—As showery weather permits, attend to the planting of coffee, arrowroot, tapioca, sugar cane and tobacco. Let the cultivation be liberal, if good returns are to be looked for; but for it to be truly liberal, it needs to be done intelligently as much as freely.

BUSH-HOUSE.—These structures in the North could now be made serviceable for growing salads, French beans and many choice vegetables as luxuries for the table. That will come to be one of their uses in tropical situations yet. Their use as a luxurious and ornamental retreat for producing many of the beauties of nature is already known and somewhat appreciated; but there is great scope remaining for the improving and inventive powers and taste of man to work, in greatly enriching them in every way, both as to their contents and designs.

NOVEMBER.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN — VEGETABLES.—Some of the most profitable vegetables to grow anywhere in Queensland during the summer months are the Chinese long runner beans, or the Fiji bean, and the Chinese spinach. The Madagascar bean grows well during summer, but it is not much of a summer vegetable. At this season the beds should have the ridges laid across the hills in sloping ground, so as to catch the showers. Thin cucumber and melon beds where overcrowded, and loosen the soil if it is bound. Fasten down the shoots with wooden pegs so as to cover the ground evenly. Sow French beans, melon, cucumber, lettuce, okra, rosella, pumpkins, and sweet corn. Sweet potatoes may be grown anywhere this month.

FLOWERS.—Little can be done during the summer months among flowers except the ordinary cleaning of the beds. Roses may be budded now, or layered if increase is required. Angelonia, coleus, and summer-growing herbaceous plants may be divided at the roots or struck from cuttings, either in the open borders with occasional waterings, or in shady beds made for the purpose. Some of the summer growing annuals may be sown or transplanted, and double petunias, if particularly choice, may be layered now or during summer for transplanting in winter. Petunias do not bear removal kindly in this colony while hot weather prevails. Pansies or mimulus growing in shade, will flower for awhile yet, if freely watered.

FRUIT.—Thin early peaches as soon as the fruit is fit for cooking. Mulch the trees a considerable distance around the stem. Plant all kinds of tropical fruit trees from pots, such as mangoes or jack fruit. Clean out all superfluous shoots from fruit trees generally, in order to throw the whole strength of the plant into the crop; not injuring or removing any of the foliage unnecessarily. Remove suckers from grape vines, stop straggling branches, and rub off weak ill-placed shoots. If vigorous old Isabella vines have the ripest of the present season's rods pruned during this and next month, they will give a second crop of fruit. The cuttings also, if planted, will form strong roots before the planting season. Apricots and China peaches should be budded. Plant banana and pine-apple suckers. Trench land intended for planting next season, to give it the sweetening influence of the summer's sun. Where pine-apples are largely grown, it will pay to thin out the suckers early this month, as it not only causes the summer crop of fruit to be larger, but the young suckers which appeared on the pruned shoots will produce winter pine-apples, which sell at a high price. The most convenient implement for thinning out is the large strong-handled South Sea Island knife kept sharp at both sides of the point, and used with a downward thrust.

FIELD.—Keep the land clean with the horse hoe or scarifier. Stop tobacco plants as required, to direct the sap into the leaves intended for the crop, and remove caterpillars. In making oaten hay, cut the crop when well in ear, but before the seed is near mature; the whole plant is then in the best condition. In the North, millet and teosinte may be sown freely now for fodder purposes.

PLANTATION.—Much cane-planting is now generally done in the North, after the rush at the crushing is over. Early sown rice is now ready for harvesting, and will soon be growing strong for the second crop. Young coffee plants may still be planted out, if means for shading and careful watering be attended to. Two or three leafy boughs stuck around the young plants form the best shade for them.

BUSH-HOUSE.—The coleus, caladiums, begonias, gloxinias, achimenes and foliage plants of various kinds should be making this retreat lively and gay and will require a little regular attention to keep them in vigour and prime.

Garden, Orchard, and Farm Calendar, and Diary.

NOTE.—The Blank Half of the page is intended for Notes, such as the sowing of seeds, the blooming of plants, planting and other garden operations.

GARDEN—VEGETABLES.—Seeds sown during the summer months would be better protected from the direct rays of the sun by some light cover a foot or two above the ground. Thin calico, or light open brushwood, not too dense would be suitable. If the seed beds were well watered, *so as to thoroughly soak the soil*, a few hours before sowing the seed, and the seed were covered by sifting over it some stable litter, there would not be so many failures even in summer. Sow French beans, lettuce, okra, radish, sweet corn, Chinese runner beans, and Chinese spinach.

FLOWERS.—Much of the advice given last month serves equally for this. Judicious watering is a very useful thing, but much of the watering done is more injurious than helpful, as it never by any chance penetrates the soil to the roots, and therefore does little good, indeed, in many cases it only cakes the surface soil. If people could only be educated to contrive in some way to get the water down to the roots instead of squandering it upon the surface better results would be seen. A flower-pot, a jam or other tin with a hole in it sunk in the soil up to the rim, with a layer of stones or sticks underneath to let the water run in quickly, would be a simple contrivance for effectual watering.

FRUIT.—Thinning heavily laden trees and dis-budding or finger-and-thumb pruning is the principal work needed amongst fruit trees now. Straw under peach trees will protect the falling fruit from bruising. Straggling wood shoots should be stopped, to keep the trees in form, and prevent the weaker branches being robbed of their share of nourishment. On the slightest appearance of Oidium among the vines or American blight among the apples, dress them as previously directed. Those who object to the use of sulphur and lime in their dry state, may boil one pound of sulphur and one pound of lime in a gallon of water for half-an-hour; one pint of this, when strained, may be mixed with ten gallons of water, and applied to the affected vines with a syringe.

FIELD.—Keep crops clean. Dig potatoes as soon as ripe, as they will not keep in the soil; and have them collected as they are dug, or the sun will cause them to rot. Sow maize, setaria germanica, millet, sorghum, and in the North teosinte and sweet potatoes may still be planted.

PLANTATION.—Cane planting may be attended to anywhere now. Coffee will need to be constantly watched, and falling plants replaced timely to give the plot an equal start together. A hole a foot deep and the same in diameter on the up-hill side of the plant, and filled with stones to the surface is an excellent device for watering either coffee plants on a plantation, or many things besides, and were it done, a little water would achieve wonders in a dry time.

BUSH-HOUSE.—Last month's directions serve equally for this, so repetition is uncalled for. Much of the attractiveness of a structure of this kind depends upon its tasteful ornamentation with rockeries, hanging baskets, and arrangement for all kinds of epiphytal growths. Gnarled or branched sticks are of great service in carrying stag-horn, elk's-horn, and bird's-nest ferns, also for many varieties of orchids. Stone work built up grotesquely to form shady nooks and corners would be likewise of great service for growing many things unfitted for more exposed positions. And, as said before, the bush-house in the North may be coaxed into useful service, after the manner of conservatories at home, only reversing the order by creating a lower temperature than prevails outside. Many a tender salad and wholesome vegetable might be grown during summer in such structures.

QUEENSLAND.

THE Colony of Queensland, formerly known as the Moreton Bay District—comprises the whole of the North-Eastern portion of the Continent of Australia; its boundaries being—on the North the Gulf of Carpentaria and Torres Strait, on the East the Pacific Ocean, on the West the Northern Territory of South Australia—the dividing line being the 141st meridian of longitude from the 29th to the 26th parallel, and thence the 138th meridian—and on the South the Colony of New South Wales. Its estimated area—exclusive of the islands contiguous to the coast, which, however, belong to Queensland—is about 669,520 square miles, or 428,492,800 acres, being about twelve times the size of England and Wales. Its extreme length from N. to S. is 1,300 miles, its breadth 800 miles, the coast line being about 2,500 miles. It was discovered by Captain Cook in May, 1770; first settled 1824; and erected into an independent Colony on December 10th, 1859.

PRINCIPAL STATISTICS FOR THE YEAR 1887-88.

POPULATION.—The population of Queensland, according to the census taken on May 1, 1886 was 190,344 males, and 132,509 females, a total of 322,853, this was exclusive of the aboriginal population, but inclusive of Chinese. On December 31, 1887, the population was estimated at 366,940—214,531 males, 152,409 females. During the year 1887 there were registered 13,513 births—6,929 males, 6,584 females; 5,166 deaths—3,329 males, 1,837 females, and 2,914 marriages.

REVENUE AND FINANCE.—The Revenue for the year ending June 30, 1888, was £3,177,518 5s. 5d., being an increase on the previous year of £369,819 9s. 11d. The principal heads of Revenue and comparison with 1886-7 are as under:—Customs, £1,178,334 0s. 7d., an increase of £210,843 19s. 3d.; Excise, £73,791 8s. 6d., an increase of £5,458 12s. 8d.; Stamp Duty, £139,267 11s. 0d., an increase of £19,532 2s. 6d.; Licenses, £52,724 8s. 8d., an increase of £1,704 5s. 2d.; Land Revenue, £250,132 16s. 6d., an increase of £9,345 3s. 8d.; Pastoral Rents, £299,483 5s. 6d., an increase of £17,959 5s. 7d.; Mining Leases and Licenses, £35,640 17s. 9d., an increase of £4,274 5s. 11d.; Railways, £752,834 0s. 3d., an increase of £100,911 11s. 10d.; Post Office, £125,602 5s. 7d., an increase of £13,033 11s. 10d.; Electric Telegraph, £92,910 3s. 10d., an increase of £16,228 12s. 8d.; Harbor and Light Dues, £18,480 12s. 1d., a decrease of £1,617 13s. 7d.; Escort Fees, £2,078 8s. 0d., an increase of £949 3s. 3d.; Office Fees, £26,342 11s. 9d., an increase of £196 14s. 5d.; Fines and Forfeitures, £4,519 13s. 9d., a decrease of £594 0s. 9d.; Miscellaneous Receipts, £125,376 1s. 8d., a decrease of £28,406 4s. 6d. The Expenditure for the year was £3,368,883 10s. 11d., and the Dr. Balance on July 1, 1887, was £410,646 8s. 8d., a total of £3,779,529 19s. 7d. As the Revenue was only £3,177,518 5s. 5d., there was a Debit Balance on July 1, 1888, of £602,011 14s. 2d. **THE PUBLIC DEBT OF THE COLONY** on July 1, 1888 was £25,820,850, the annual interest payable thereon being £1,059,065. The Debt has been incurred principally for Public Works and Immigration.

EXPORTS AND IMPORTS.—During 1887 the Exports amounted to £5,538,561, being £15 1s. 11d. per head of population; and the Imports to £5,577,587, being £15 4s. 0d. per head. The principal Exports were:—Gold, £1,432,376; rum, £1,983; sugar, £758,215; wool, £2,368,711; tallow, £99,094; hides, £101,086; preserved meats, £105,340; tin ore, slag and smelter, £223,274; copper ore and copper, £7,208; silver ore, £31,160; pearlshell and tortoiseshell, £49,780; oysters and béche-de-mer, £24,736.

RAILWAYS.—The receipts for the year ending December 31, 1887 were £778,306; the working expenses were £534,772. There were carried during the year 1,546,589 passengers, and 644,443 tons of goods. The total mileage of line open in October, 1888 was 1,879.

SHIPPING.—The Direct Inward entries in 1887 of vessels of all nations comprised 838 ships of 468,180 tons, manned by 22,854 men. The Direct Outward entries were 879 ships of 456,052 tons, and crews in all of 21,622. The total entries of

vessels at all ports were 2,147, of 1,642,024 tons, and with crews of 85,400 men. The total Clearances were 2,183, of 1,631,956 tons, and crews of 85,352 men. In this last method of enumeration many of the vessels are counted more than once.

ELECTRIC TELEGRAPH.—On January 1, 1888, 8,772 miles of line, with 15,677 miles of wire were in operation, there being 293 stations, employing 720 officers. The total revenue for the year 1887 amounted to £85,532 9s. 11d., exclusive of messages on the public service, of the value of £21,368 4s. 3d. The year's expenditure amounted to £109,065 16s. 4d. During the year there were transmitted 1,152,761 messages.

POSTAL. There are 356 Post, 360 Receiving Offices, and 93 Money Order Offices. During the year 1887 there were carried 11,586,807 letters, 9,752,563 newspapers, and 1,509,276 packets. The Revenue for the year was £116,531 7s. 5d.; the Expenditure, £213,710 16s. 10d. of which £55,975, was the subsidy for the English Mail Service *via* Torres Strait.

EDUCATION.—There were on January 1, 1888, 519 schools in operation, viz., 300 State Schools, 217 Provisional schools, and 2 Reformatory schools, taught by 675 male and 796 female teachers. The total expenditure on primary education during the year 1887 was £189,957 3s. 5d., the cost of Education per head being £3 1s. 3d. Average attendance, 35,319—19,155 boys, 16,164 girls.

POLICE MAGISTRATES AND CLERKS OF PETTY SESSIONS.

In several cases both offices are held by the same individual; this will be found indicated by the initial letters C.P.S. (Clerk of Petty Sessions), following those of P.M. (Police Magistrate).

The asterisk (*) signifies that the Officer of Police is the Acting Clerk of Petty Sessions. Owing to the frequent changes the names are not given.

REGISTRATION OF BIRTHS, MARRIAGES, AND DEATHS.

Every Birth must be registered within sixty days, and every death within thirty days next thereafter respectively; any neglect of this regulation renders the parties, whose duty it is to register, liable to a fine not exceeding £10. If sixty days have elapsed from the date of birth, the law requires the parent, or other person making the application to register such birth, to pay a fee of two shillings and sixpence, and to make a solemn declaration of the facts before a Justice of the Peace, prior to the registration. If possible in all cases the father or mother ought to sign as informant. If unable to write, let a mark be made. No birth can be registered after three years have elapsed from the date thereof; but a record will be made in the Registrar General's office if information be supplied respecting such a birth.

Every Minister who has celebrated a marriage, must within one month thereafter, transmit (in accordance with the Act 28 Victoria No. 15) the original certificate to the Registrar of the District, in which the marriage was celebrated, and every minister who fails to transmit the certificate to the District Registrar, is liable to a fine of NOT LESS THAN £10 and not exceeding £50. Marriages must be solemnised between the hours of 8 a.m. and 8 p.m. Persons under age must produce the written authority of parents or guardians, signed by them in the presence of a Justice of the Peace, Registered Minister, or District Registrar, or the marriage cannot take place.

In every case of Burial, the Minister or person officiating at any religious service at such burial, ought to receive from the undertaker or person having charge of the funeral, a certificate from the District Registrar, certifying the registration of the death, unless in the case of inquest, when a certificate from the Coroner or Magistrate holding the inquest, will be sufficient; and if any dead body shall be buried without such certificate, the person who may bury the same, or perform any funeral or religious service for the burial, or who shall in any way dispose of the body, shall forthwith give notice of the facts to the District Registrar. Undertakers are bound under a penalty not exceeding £10 to lodge with the District Registrar, IMMEDIATELY after the burial, a Certificate of such burial signed by themselves and COUNTERSIGNED BY TWO WITNESSES.

TOWN LETTERS.—The town rate of postage—1d. per 4oz.—now includes, in addition to the City proper (Brisbane), all places within a radius of eight miles from the General Post Office, and the following Post and Receiving Offices, viz.:—Albion, Ashgrove, Belmont, Boggo, Breakfast Creek, Bulimba, Coorparoo, Cooper's Plains (railway station), Downfall Creek, Dunallan, Eagle Junction, Eagle Farm, Enoggera, Fairfield, Figtree Pocket, Filliegh, Fortitude Valley, Glen Albion, Hawthorne, Hemmant, Indooroopilly, Kelvin Grove, Kenmore, Lutwyche, Milton, Morlingside, Mount Coottah, Mount Gravatt, Nundah, Nudgee, Oxley, Racecourse, Red Hill, Rocky Waterholes, Sherwood, South Brisbane, South Coast Junction, Stafford, Stanley Bridge, Tingalpa, Taringa, Toombul, Toowoong, Yeronga, and Zillmere.

At Rockhampton this rate applies to letters for all parts of the Borough of North Rockhampton.
At Toowoomba this rate applies to correspondence to and from the Post Office at Toowoomba and the shire of Middle Ridge.

At Townsville this rate applies to Mundingburrah.

LATE FEE.—The late fee on letters is—Inland and Intercolonial, 2d; Foreign, 6d; to be paid by affixing to the letter the necessary postage stamps. Letters can be posted on board the steamers up to the time of sailing. If for places outside the colony they must bear the late fee postage.

REGISTRATION.—Letters, packets, and newspapers can be registered by affixing a fourpenny stamp in addition to the proper postage. The letter must be given to the post official, who will give a receipt for it. The adoption of registration is strongly urged in all cases where money, notes, or packets of value are sent, as the precautions taken with registered letters almost ensure their safe delivery. Special envelopes for registration can be purchased at any Post Office, one half-penny each.

TOWN DELIVERIES.—In Brisbane (including South Brisbane and Fortitude Valley) there are three daily—at 8.30 a.m., 2 p.m., and in the business parts of the City at 4.30 p.m.; on Saturday at 8.30 a.m., and at 12 (noon). GENERAL RULES.

Postage stamps are of the following denominations: 1d., 2d., 4d., 6d., 1s., and 5s.

Inland letters *inadvertently* posted, unstamped or insufficiently stamped, will be forwarded to destination; but before delivery, double the amount of deficient postage must be paid.

Insufficiently prepaid letters, or wholly unpaid letters posted for transmission to the United Kingdom will be forwarded, but charged with the deficiency, and a single rate as a fine.

Insufficiently prepaid newspapers addressed to the United Kingdom if prepaid one rate of postage will be forwarded by the direct Torres Strait route, and charged double the deficiency on delivery.

Any insufficiently prepaid letter posted for the United States of America or Canada, will, if a single rate of postage be affixed, be forwarded and charged on delivery, with the postage deficient, and a fine of a single rate of postage; but if it does not bear a single rate of postage, it will be opened and returned to the sender.

Unpaid and insufficiently prepaid letters posted for transmission to British Colonies (excepting the Australian Colonies and New Zealand), and to Foreign Countries (a few places excepted), through the United Kingdom, will be forwarded and charged with the postage and fine on delivery.

Insufficiently prepaid or wholly unpaid letters, posted for transmission to any of the Australian Colonies or New Zealand, will be forwarded, but charged with the deficiency, and a single rate of postage as a fine.

Insufficiently prepaid and wholly unpaid letters will be forwarded, to British India, Egypt and the Cape of Good Hope, double the deficiency being charged on delivery; on letters from these countries the deficiency and one rate as a fine will be charged.

Upon receipt of any letter or packet supposed to contain articles liable to Customs duty, a postmaster should advise the person addressed, and the Customs officer of the fact, and also intimate to the former that he must satisfy the Customs officer as to the nature of the supposed dutiable articles and pay any Customs charges before delivery can be made to him.

If there be no invoice or means of satisfying the Customs officer except by examination of the contents, the person to whom it is addressed should authorize the postmaster in writing to deliver it to the Customs officer for that purpose, but should this be objected to, the letter or packet must then be sent to the Dead Letter office.

No letter or packet, whether registered or unregistered, containing either gold or silver, money, jewels, or precious articles, or any other article whatever, liable to Customs duties is allowed to be conveyed by post to any of the countries comprised within the Postal Union, except the United Kingdom.

Letters, packets and newspapers on being *re-directed*, are charged the same amount of postage in addition to the original postage, as would be payable if such letter, packet or newspaper were originally posted at the place of re-direction.

Unclaimed and irregularly posted letters and packets posted in Queensland, and which are returned through the Dead Letter office to the writers or senders thereof, are taxed with the usual town or country postage, as the case may be, in addition to any postage that may have been originally charged thereon, to be collected on delivery.

A postmaster may refuse to receive or transmit by post, any letter, packet or package of newspapers exceeding sixteen ounces in weight; or of inconvenient form or dimensions, or containing or reasonably suspected to contain, any article likely to injure the other contents of the mail bags or any person.

PRIVATE LETTER BOXES.

These may be obtained on the following terms:—

Without lock, £1 10s. per annum, payable in advance, from the first day of the quarter in which the box is obtained, until the end of December following and thereafter yearly.

With lock, £1 10s. per annum, payable in advance, from the first day of the quarter in which the box is obtained until the end of December following, and thereafter yearly. Two keys will be furnished with each box without extra charge. *Keys must not be obtained elsewhere than from the Department.* In the event of a key being lost, the remaining keys must be returned and information at once be given to the local Postmaster, when a new lock will be fitted in the box, and new keys supplied, for which 7s. 6d. will be charged. It must be fully understood that the boxes mentioned are only let upon the above conditions, and that upon any breach thereof, the Department can at once withdraw permission for use of a box. On discontinuance of a Lock Box, if the key is left in good order and all keys supplied are returned by the holder, he will be entitled to a sum of 2s. 6d. for each key.

PRIVATE BAGS.

Settlers upon Mail routes requiring the accommodation of a private bag, can obtain the same from either of the two Post Offices next to them on payment (in advance) to the Postmaster who makes up the bag a sum at the rate of £2 2s. per annum, from the first day of the quarter in which the bag is first made up, to the end of December following; and thereafter £2 2s. yearly, subject to the following regulations:—

(1) Should the fee remain unpaid beyond one month, the bag to be discontinued. (2) The bag must be of leather, and provided at the cost of the person requiring it. (3) The Postmaster will close and seal it securely before despatching it; and it must be returned in like manner, sealed with some seal, the impression of which is known by the Postmaster. (4) The bag may contain letters for all persons who give *written authority* to the Postmaster to enclose them. The person paying for the private bag is responsible for the postage of all unpaid letters, and for the receipts of all those which may be registered.

NEWSPAPERS.

Newspapers are transmitted within the Colony and to the Australian Colonies free of charge, if posted within seven days of the date of publication; if posted after that period, One Penny each; Newspapers received from beyond the colony, in monthly parts, are (when re-posted) subject to a charge of One Penny for every number contained therein.

Newspapers to be sent without a cover, or in a cover open at both ends, but without enclosure, mark, or communication, other than the words, "Newspaper only," the printed name, occupation, and address of the publisher or vendor, in addition to the name, occupation, and address of the person to whom sent, otherwise they will not be transmitted. Newspapers re-posted in the colony must be prepaid 1d each.

Newspapers to the United Kingdom, One Penny each, irrespective of weight, if sent *via* Torres Strait; if sent by other routes One Penny for each (not exceeding 4 ounces in weight).

A newspaper is defined as a paper containing any public news or occurrences, or any remarks or observations thereon, or upon any political matter, or containing only or principally advertisements or trade reports and printed for sale or for gratuitous distribution, periodically published in parts or numbers at intervals not exceeding one month, and not exceeding four ounces in weight.

A supplement to a newspaper has been thus officially defined:—A publication consisting wholly or in great part of news or reading matter such as that which commonly appears in a newspaper, or of advertisements printed on a sheet or sheets of paper, unstitched; or consisting wholly or in part of engravings, prints, or lithographs illustrative of articles published in the same or a previous issue of the newspaper. Such publication must in every case be published with the newspaper, and have the title of the newspaper printed at the top of every page or sheet, and must bear also the date of publication, which must be the same as that of the issue of the newspaper with which it is published.

BOOK AND OTHER PACKETS.

For the United Kingdom *via* Torres Strait (direct)—

Not exceeding 10z.	1d.
Not exceeding 20zs.	2d.

Not exceeding 40zs.	3d.
Every additional 40zs. or part thereof	3d.

To the United Kingdom *via* Brindisi, or by any of the routes, and to the Australian Colonies, the rate is—1oz. 1d.; 2ozs., 2d.; 4ozs., 4d.; and 4d. for each additional 4ozs. or part.

For Queensland—

Not exceeding 2ozs.	1d.	Above 4ozs., but under 6ozs.	3d.
Above 2ozs., but under 4ozs.	2d.	Every additional 2ozs. or part thereof . . .	1d.

Note—The rates for packets within the Colony and to the other Australian Colonies remain in force only till the end of December, 1888, when they give place to the following:—

AMENDED RATES AND REGULATIONS FOR BOOKS AND PACKETS.

PREPARATION FOR POST.—Packets and books may be sent through the post—Without a cover, but not fastened against inspection with anything adhesive, such as gum, postage stamp, sealing wax, &c.; or in a cover open at one end or side, or with the flap left unsealed or fastened with a binder or in such manner as will permit of opening for examination and re-closure. If the cover be slit, the opening must be sufficient to admit of the contents being easily withdrawn for examination. Postmasters will, however, satisfy themselves as to the contents without withdrawing them, if possible. The cover may bear the sender's name and address, and the description of contents must be endorsed thereon. Packets and books may be tied with string or tape, but officers of the Department may cut the string or tape to examine the contents, but, if they do so, must tie the packet up again. Samples of seeds, drugs, &c., which cannot be sent as open packets, may be enclosed in bags or boxes fastened so as to be easily undone and re-fastened.*

* NOTE—If the above conditions are not complied with, the Packets will be regarded as insufficiently paid letters, and charged accordingly.

BOOKS.

Rate:—Inland and Intercolonial, for every 4 oz. or fraction thereof, 1d.

The following and similar articles may be forwarded at Book rates:—Printed books, pamphlets, magazines, and reviews, and all wholly printed publications that do not come within the definition of newspapers, printed music, photographs, &c., bound and published in book form. All other articles not coming within the foregoing definition, or within that of newspapers, to be treated as packets. Parcels of Books must not exceed 3 lbs. in weight, but a single Book will be allowed not exceeding 7 lbs. No Book to exceed two feet in length, or one foot in breadth or depth, or to be of inconvenient form.

PACKETS.

Rate:—Inland and Intercolonial, for every 2 oz. or under, 1d.

Weight.—For places within Queensland: packets, patterns, &c., not to exceed 16 ozs.; books not to exceed 3 lbs.

Dimensions.—No packet to exceed two feet in length or one foot in breadth or depth, or to be of inconvenient form. (The rule regarding dimensions of a Packet not to apply to Packets "On Her Majesty's Service.")

Articles that may be sent as Packets.—Affidavits. Bankers' packets containing bank notes (if so marked and registered), cheques, cheque-books, drafts, pass-books, or orders sent by or to any bank, returns or other periodical statements sent from one bank to another. Bank notes sent from one bank to another may be wholly enclosed in a strong cover, endorsement to be signed by an officer of the bank. Bills of lading and ships' manifests. Briefs. Cards in open covers (other than birthday, Christmas, or New Year cards), either plain or bearing printed matter, or pictures, or both. The name only of the addressee may be written on the face of such cards. Cards—Birthday, Christmas, or New Year cards, in open covers, may have written on them "complimentary," or such like remarks, together with the names and addresses of the senders, and of the persons for whom the cards are intended, also the date of sending. (For example: "To John Smith, with best wishes, from Mary Smith, Christmas, 1888.") But cards having messages or other communications written on them, such as "Hoping to see you shortly," "Be sure to write soon," will be liable to letter rate of postage. Cases of instructions for counsel's opinion. Catalogues, printed (prices in figures may be written). Certificates. Circulars, *i.e.*, letters wholly printed, engraved, lithographed, chromographed, or produced by other mechanical process, intended for transmission in identical terms to several persons (the name of the addressee may, however, be added in writing. Deeds, or copies thereof. Depositions. Drawings. Engravings. Essays and papers of like nature. Envelopes. Examination papers or exercises, with or without corrections, or remarks, or directions regarding them. Insurance documents, not being in the nature of a letter. Invoices or bills of parcels (an invoice may be receipted and may advise when or how goods are forwarded, but may contain no other written matter. Legal documents, not being in the nature of a letter. Manuscript of books. Manuscript for printing or publication, forms filled up in writing with information for printing or publication. Maps. Medical diplomas. Music (sheet, printed, or written). Notices of meetings, printed, engraved, lithographed, or produced by other mechanical process (names and dates only to be inscribed in writing). Paintings. Paper. Parchments or vellum. Parliamentary papers. Pass-books or cards connected with any society. Patterns (manufacturers' or trade mark and prices may accompany them). Pay sheets. Photographs (not on glass, except in cases of leather or other strong material). Pictures. Placards. Plans. Policies of insurance. Powers of attorney. Prices current, printed (prices of articles included therein may be filled in writing). Printed matter. Printers' proofs. Prints. Process or pleadings in any Court. Prospectuses, printed. Recognizances. Returns, vouchers, or periodical statements, on Government service, if so endorsed on the cover. Samples (manufacturer's or trade mark and price may accompany them). Scrip. Seeds. Specifications. Specimens of natural history (not living), within the colony only. Stock sheets. Title deeds may be posted by the Registrar of Titles in fully enclosed canvas-bound covers, endorsed "Title Deeds," and signed by the Registrar of Titles. Valentines, printed. Way-bills. None of the articles mentioned in above list will be forwarded as Packets beyond the limits of the colony if the law or postal regulations of the colony or country to which they may be addressed prohibit their reception into such colony or country as Packets. If any articles which can only be sent by post if paid as letters, are posted bearing the Packet rate of postage, they will be treated as insufficiently paid letters. Officers of the Post Office may examine the contents of any Packet for the purpose of ascertaining whether they are in accordance with these Regulations, but such officers must securely re-fasten any Packet so opened.

Articles not allowed to be sent as Packets.—Articles of merchandise, or having a value of their own. Gold or silver money, jewels, or precious articles, or anything liable to Customs duty, addressed to any country in the Postal Union, except the United Kingdom, to which latter place such articles may be forwarded if paid letter rate and registered. Glass, and perishable substances, such as game, fish, flesh, fruit, vegetables, &c. Anything liable to injure the person of any officer of the Post Office or the contents of a mail. Photographs on glass, when not in strong cases. Anything sealed or fastened against inspection. Anything in the nature of a letter. Packets bearing on the outside or containing any profane, obscene, or libellous address, signature, picture, or thing. Packets posted in fraud or violation of the Postal or Customs law.

Unpaid Packets or Books.—Packets or books wholly unpaid, except as mentioned below, will be forwarded to the Dead Letter Office, whence they will be returned to the senders, charged with the book or packet rate. If addressed to places within the colony, they will be forwarded and charged double the deficient postage on delivery.

Insufficiently paid Packets and Books.—Insufficiently paid packets and books, except as mentioned below will be returned to the senders through the Dead Letter Office. If addressed to places in the colony, charged double deficient postage on delivery. If to United Kingdom, forwarded to destination, charged with deficient postage, and fine of 4d. If to Australasian Colonies, Fiji, Hong Kong, Mauritius (if one rate be paid), forwarded to destination, charged with deficient postage, and fine of one rate (1d.).

MONEY ORDERS.

MONEY ORDERS may be obtained between the hours of 10 a.m. and 4 p.m. (except on Saturdays, when the offices close at 12 o'clock), and made payable in any of the undermentioned places on payment of the following charges:—

QUEENSLAND.—For any sum not exceeding £2, threepence; above £2, but not exceeding £5, sixpence; above £5, but not exceeding £7, ninepence; above £7, but not exceeding £10, one shilling.

INTERCOLONIAL.—New South Wales, South Australia, Victoria, New Zealand, Tasmania, Western Australia.—For any sum not exceeding £5, one shilling; exceeding £5, and not exceeding £10, two shillings.

UNITED KINGDOM, JAPAN (YOKOHAMA), STRAITS SETTLEMENTS (SINGAPORE, PENANG, AND MALACCA), CAPE OF GOOD HOPE, INDIA, CEYLON, CANADA, UNITED STATES OF AMERICA, CHINA.—For any sum not exceeding £2, one shilling; exceeding £2 and not exceeding £5, two shillings and sixpence; exceeding £5 and not exceeding £7, three shillings and sixpence; exceeding £7 and not exceeding £10, five shillings.

NOTE.—Orders on the German Empire and Foreign Countries and British Colonies enumerated above will be re-issued by the London office and forwarded to the addresses of the payees, less the following charges, viz.:—For any sum not exceeding £2, threepence; for any sum above £2, but not exceeding £5, sixpence; for any sum above £5, but not exceeding £7, ninepence; for any sum above £7 but not exceeding £10, one shilling.

No order will be issued for more than £10. Payment of a Money Order must be obtained before the end of the twelfth calendar month after that in which it was issued.

Money Orders may be transmitted by Telegraph between all Money Order Offices in Queensland, and between Queensland and any Money Order Office in New South Wales, Victoria, South Australia, and Tasmania having Telegraphic communication, on payment of the usual telegraphic charge for a message, in addition to the usual Money Order Commission. If required, and within the colony, the order will be advised by "urgent" telegram, double rate being charged. A list of the Money Order Offices in Queensland will be found in the Postal Gazetteer on page 82.

NOTE.—It is necessary for the sender of the Money to advise, by telegraph, the person to whom the money is sent, as the Department does not do it; and as the Paying Officer will retain the message, a copy of it should be taken.

POSTAL NOTES.

Postal Notes are issued of the following classes and value:—

One-shilling note, printed with green ink ..	4d.	Five-shilling note, printed with blue ink ..	2d.
Half-crown note, printed with red ink ..	1d.	Ten-shilling note, printed with lilac ink ..	3d.

Every note is payable to bearer on demand, *unless crossed*.

The shilling note is backed by a telegraph form, which, when filled up with a message of ten words, will be received at any Telegraph Office, and transmitted to any station within the colony as a paid telegram.

ELECTRIC TELEGRAPH.

The Telegraph Stations in Queensland are open to receive messages from 9 a.m. to 6 p.m. daily, Sundays and holidays excepted. On Sundays, Good Friday, and Christmas Day the officers are in attendance from 9 to 9.30 a.m. for urgent business, and on Government holidays from 9 to 10 a.m., and 5 to 6 p.m., for the receipt and despatch of telegrams. Prepaid telegrams only may be dropped into the box provided at each Telegraph Station for the purpose, at any time when the office is closed, and will be transmitted when business is resumed. Such telegrams, with full fee, must be enclosed in sealed envelopes. The following are the ordinary charges:—

Press messages between any stations in Queensland and Western Australia are charged half the ordinary rates.			

REGULATIONS.

Messages tendered for transmission must be written with ink in a legible manner, in plain language on the proper form, signed by the sender, and the address must contain all information necessary to avoid delay and ensure delivery.

Payment of all charges in advance will be required, except the following: Replies to interrogatory messages which contain the words "Reply paid"; messages for transmission within the colony of Queensland, or to any of the Australian colonies, marked "Collect," when the sender is known to the officer in charge of the despatching station, and guarantees in writing, that, in the event of the message not being paid for on delivery, it will be paid for on demand by the sender. In all such messages the word "Collect" must be written by the sender as the last word of the message to be despatched; Press messages to be paid for at receiving station on delivery.

When the sender wishes to pay for a reply, or to have the message repeated or posted, instructions are to be inserted in the address immediately before the name of the terminal station. Messages which are addressed beyond the limits of delivery can be posted to their destination free of charge.

Messages will be delivered free within one mile of the station to which addressed. If beyond that distance, according to the instructions contained in the address. Expenses incurred for portage, cab hire, or boat hire, payable by the receiver, will be charged. Messages addressed beyond the limits of delivery, or which do not contain special directions as to transport, may be posted to their address by the terminal Telegraph Station free of charge. Telegrams will be available for inspection by the sender or receiver at the Brisbane Central Station, or a certified copy thereof obtained, during a period of six months from the date of transmission, on payment of a search fee of 2s 6d in each instance. In the event of any interruption to communication by which messages may be unusually delayed, it will be optional with the senders, on application *before transmission*, to withdraw their messages and receive back the amount paid. If desired, messages of consequence can be repeated from stations at which received to stations from which originally sent, on payment of an additional half rate; but no responsibility will be undertaken, nor any claim for compensation entertained, for any errors or mistakes in transmission, or delay in delivery of messages.

Telegrams to stations within the colony marked "Urgent," will be received and transmitted as "Urgent messages," and will take precedence of all ordinary messages. Double rates are charged for these messages.

Envelopes containing messages for transmission by telegraph from any place in Queensland, posted at any Post Office not a Telegraph Office, with the words "Telegraph Message only," written thereon above the address, and directed to the nearest Telegraph Office, may be forwarded free of postage; and the officers in charge of the Telegraph Office to which such envelopes may be addressed shall transmit the message contained therein to its destination, provided the full fee, either in cash or postage stamps, be also enclosed.

A list of the Telegraph Stations in Queensland will be found in the Postal Gazetteer on page 82.

TELEPHONE EXCHANGE.

Telephone lines will be erected and kept in order by the Post and Telegraph Department, on payment in advance of an annual rental at the rate of £5 for the first mile or any intermediate distance, and a proportionate rate of 2s. for every additional quarter mile or fraction thereof.

Instruments must be provided by subscribers, and where connected with Exchanges are maintained in working order by the Department for which an extra annual charge of £1 for each instrument is made.

INTERNATIONAL TELEGRAMS.

By the system of registration of name and address, and the adoption of the word scale of charging, the cost of telegraphing between Brisbane (or any other leading town in Queensland) and London, and many of the principal cities of India, China, Japan, Europe, United States, and other countries, has been greatly reduced. It may be necessary to explain that the name and address of the sender and receiver being registered at the points of departure and arrival, a single word, letter, or number serves for their identification.

A record is open at the Brisbane Central Telegraph Office for the registration of the full address, at which foreign telegrams reaching Brisbane and bearing abbreviated or arbitrary addresses are to be delivered. No fee is charged for registration. Application for registration to be made by letter to the Superintendent of Electric Telegraphs. Registration can also be effected and messages sent through Reuter's Telegraph Company.

The Telegraph Companies register names and addresses of telegraph correspondents free of charge at all their stations, and in London at 11 Old Broad-street, 8 Leadenhall-street, and 3 Great Tower-street.

Addresses may also be registered at any Government Telegraph Office in England or Scotland upon payment of one guinea to the Postmaster-General, London. This registration can be effected only at the telegraph station in the town where the firm is established, and not by letter from Australia to London, or *vice versa*, as different firms sometimes select the same code word.

The principal conditions under which messages are transmitted are as follows:—

Words must not exceed ten letters, otherwise they are charged as two words. Groups of figures will be charged at the rate of three to the word. Telegrams may be written in plain language, in code language, or in secret language.

WITH TIMES OF DEPARTURE OF MAILS FROM BRISBANE.

EXPLANATION.—The name of Post Town or Post Office is first given; then follows its distance and bearings from Brisbane (or other towns when specially mentioned); then whether it is a Money Order Office, Telegraph Station, Government Savings Bank, or Railway Station; name of Postmaster or Postmistress; and the day of the departure of the mail from Brisbane. When the locality is simply a Telegraph or Railway Station, it will be found indicated by the words "Tel. Stn." or "Railway Station." Distances are in some cases approximate only.

ABBREVIATIONS.—N.S.E.W. for the points of the compass; Tel. Stn. for Telegraph Station; Ry. Stn. for Railway Station; Mon., Tu., Wed., Th., Fri., Sat., for the days of the week.

There is now a daily overland mail to Sydney from Brisbane (except on Saturdays); time occupied in transit about 36 hours.

The steamers for the South—Sydney and Melbourne—leave the Brisbane wharves on Tuesdays or Wednesdays, and Fridays or Saturdays regularly, and there are also intermediate steamers; letters can be posted on board to the last moment.

The steamers for the North—Maryborough, Rockhampton, and intermediate ports, usually leave the Brisbane Wharves on Tuesdays, Fridays and Saturdays. The steamer leaving Brisbane on the Tuesday arrives at Maryborough on Wednesday, and Rockhampton on Thursday night or Friday morning; and on its return leaves Rockhampton on Friday, Maryborough on Sunday, and arrives at Brisbane Sunday night.

A steamer leaves Brisbane on Saturday afternoon for Rockhampton *via* Bundaberg and Gladstone, arriving at Bundaberg on Sunday evening, and Rockhampton on Tuesday; leaving on the return trip on Wednesday, arriving at Brisbane on Friday night.

The regular mail steamers for the North—Cooktown being the terminal port—leave Brisbane on Saturday; they arrive at Keppel Bay on Sunday night, Flat Top Island Monday, Bowen Tuesday morning, Townsville Tuesday afternoon, Cairns Thursday morning, Port Douglas Thursday afternoon, and

Cooktown Friday morning. On return they leave Cooktown on Saturday morning, arriving at Port Douglas at 4 p.m., Cairns at 9 p.m., Townsville on Sunday 3 p.m., Bowen on Monday 10.30 p.m., Flat Top Island, Tuesday morning, Keppel Bay Wednesday morning, and Brisbane Thursday night.

There is a weekly Mail Service from Townsville to Dungeness, Cardwell, Mourilyan, Johnstone River and Cairns, leaving Townsville on Tuesday, and starting from Cairns on its return on Thursday morning.

There is a weekly Mail Service between Brisbane and Burketown, leaving Brisbane on Tuesday afternoon, and calling at Rockhampton, Flat Top Island, Bowen, Townsville, Cairns, Port Douglas, Cooktown, and Thursday Island, reaching Normanton the second Sunday following, and Burketown on Wednesday. Returning from Burketown on Wednesday, and reaching Brisbane the second Monday following; and a Four-weekly service between Maryborough and Keppel Bay, to meet the inward and outward Royal Mail Steamers.

Letters for the inland mails can be posted at the General Post Office up to 8 o'clock p.m. Where evening is mentioned 8 p.m. is the general closing time of mails. In some cases when the mails close very early in the morning the previous day is given.

DIRECTIONS FOR MAKING A WILL.

A WILL should be made in the plainest language possible; it must be written with ink and must be signed at the end of each sheet (if there be more than one) by the Testator (the person who makes the Will) in the presence of TWO or more witnesses.

The witnesses, *who must not be in anyway beneficially interested in the will*, must strictly comply with every particular required by the Attestation clause, at the end of which clause they must sign their names. A witness need not know the contents of the Will, which may be so folded, that the Signature and Attestation clause alone can be seen.

FORM OF A WILL.

This the last Will and Testament of me (name) of (address) made this _____ day of _____ 188____ One thousand eight hundred and eighty _____ as follows. I give, devise, and bequeath all my messages, lands, tenements, and hereditaments, and all my household furniture, ready money, money secured by life assurance, goods and chattels, and all other my real and personal estate and effects whatsoever, unto my dear wife _____ [or other person as may be] her heirs, executors, administrators, and assigns, to and for her and their own absolute use and benefit, according to the nature and quality thereof respectively, subject only to the payment of my debts, funeral and testamentary expenses, and the charges of proving and registering this my Will. And I appoint my said wife _____ (or other person) executor of this my Will, and hereby revoke all other Wills.

In Witness whereof I have hereunto set my hand this day and year above written.

ATTESTATION CLAUSE.

Signed, published, and acknowledged by the said _____ as and _____ for his last Will and Testament, in the presence of us, who in his presence and at his request, and in the presence of each other, have subscribed our names as witnesses.

A CODICIL TO A WILL.

A Codicil is to be made with the same regulations as the Will itself, and may be written thus:—This is a Codicil to my last Will and Testament, bearing date the _____ day of _____ 188____ and which I direct to be taken as part thereof. I give, devise, and bequeath &c. As witness my hand this _____ day of _____ 188____

NOTE.—Obliterations and alterations of any sort in the Will ought, if possible, to be avoided; when they have to be made, they must be signed by the Testator and witnesses on the margin, or as near to the alteration as possible.

NOTE.—Marriage after making a Will renders the Will void.

If a witness be interested in the Will the claim to such interest becomes forfeited.

If a person wishes to dispose of all his property in one gift, the words, "all my real and personal estate," may be used.

Personal property left without a Will, is devisable as under:—If the deceased should leave Children and no Widow, the whole property is to be divided equally among the Children. If he leave a Widow and Child or Children, the former is entitled to one-third, and the latter to the remaining two-thirds. If he leave a Widow and no Child, the former is entitled to half, and the next of Kin the remainder as follows:—A Father, the whole amount; if no Father, a Mother, Brothers or Sisters, or their issue, equal portions; if none, then Uncles, Aunts, Nephews, and Nieces, equal portions.

SIGNALS IN USE AT BRISBANE OBSERVATORY.

FOR DENOTING THE MOVEMENTS OF VESSELS.

The numbers of the Pendants may be easily recognised, from their comprising as many stripes or stars as they are intended to represent. Any number higher than nine is indicated by one Pendant over another—2 over 8 indicating 28 (Sydney). When two of the same figure require to be shown, as 11 or 22, the White Pendant is used to indicate the second number—11 (Cork), would be shown by the Pendant for 1 and the substitute beneath it.

DESCRIPTIVE FLAGS.

PASSENGERS.

GENERAL NOTES.

Children under 3 years of age, "free;" over 3 and under 12, half-fares.

Season Tickets will be issued on application to the Railway Office, Brisbane, or to Station Masters, for one, three, six, or twelve months, between all stations, at greatly reduced rates, which can be learned on application at the Railway offices.

Scholars' season Tickets will be issued at half ordinary season ticket rates to pupils attending any Grammar or other Public School, upon application by the Master of the schools on a printed form to be obtained at railway stations.

Tickets at single fares and for children under 12 years of age at half single fares for the double journey will be issued to pupils at schools (to enable them to visit their homes during the holidays) on application to the station masters on a proper printed form which must bear the certificate of the principal of the school at which the scholar applying attends. This concession applies also to through tickets to Sydney.

Tickets at single fare for the double journey will also be issued to State School Teachers during school vacations on application to station masters on the proper printed form duly certified.

Annual Tickets will be issued to registered clergymen available for one line of railway only, for the sum of £5.

Annual tickets first-class available for all Queensland Railways will be issued to commercial travellers and others for the sum of £100, and for the Southern and Western Line only (except Sandgate and Racecourse branches) for the sum of £65; half-yearly tickets £36. Tickets issued to commercial travellers may be transferred (in the case of a traveller leaving his employers) to his successor on the application of the firm, and payment of 10s. registration fee, when a new ticket will be issued.

Theatrical companies and professionals of 15 or more persons allowed 20 per cent. off ordinary rates.

Special Tickets at half ordinary rates will be issued to newspaper reporters or representatives of the Press requiring to travel on Press Business.

on a printed order being produced signed by the Manager, or Proprietor of the newspaper represented, and stating the name of the show, exhibition, or public meeting to which the reporter is travelling.

RESERVED CARRIAGE.—When compartments are reserved for any person or persons, the fare will be as follows:—Saloon compartment, ten first-class fares; small compartment, four first-class fares.

SPECIAL TRAINS.—The charge for a Special Train will be:—For any distance up to 10 miles, £5; 11 miles to 25 miles, 3s. 6d. per mile added to 10 mile amount; 26 to 50 miles, 3s. per mile added to 25 mile amount; 51 miles to 100, 2s. 6d. per mile added to 50 mile amount; over 100 miles, 2s. per mile added to 100 mile amount. These charges include fares for six first-class passengers, beyond that number ordinary first-class fares will be charged, and the published rates for horses and carriages. For the return journey the charges will be half the above rates provided the Return Special starts within 12 hours from time of arrival.

EXCESS LUGGAGE IN CHARGE OF PASSENGERS—Not being Goods, Produce, or Merchandise—First-class passengers are allowed 112 lbs., and Second-class 84 lbs. free; but for every 28 lbs. or part of 28 lbs. additional, the following rates are charged:—10 miles and under, 9d.; 11 miles to 25, 1s.; 26 miles to 50, 1s. 6d.; 51 miles to 100, 2s.; 101 to 150, 2s. 3d.; 151 to 200, 2s. 6d.; 201 to 250, 2s. 9d.; 251 to 300, 3s.; 301 to 350, 3s. 3d.; 351 to 400 3s. 6d.; 401 to 500, 4s.

Commercial Travellers who represent Queensland Firms only are allowed the following concessions, viz:—

The production of a First-class Ticket entitles the holder to carry, free of charge, 112 lbs. of personal luggage or samples, and 84 lbs. on production of a second-class Ticket. All weight of samples above this to be charged First-class Goods Rates, provided always that each box or package is distinctly marked "Traveller's Samples," and the name or initials of the firm which the Traveller represents.

PARCELS, GOODS, & LIVE STOCK RATES

PARCEL RATES BETWEEN ALL STATIONS.

Adhesive Parcel Stamps, similar to Postage Stamps, will be issued at the Office of the Commissioner for Railways, Brisbane, and at all principal Railway Stations, for parcels not exceeding 56lbs. in weight; the parcels are carried at reduced rates at owner's risk, the Department taking no responsibility whatever. No receipts are given for stamped parcels.

STAMPED PARCELS' RATES.

25 per cent. extra to be charged if parcels are to be booked. Fractions of a penny in all cases to be charged as one penny.

All parcels to be at stations thirty minutes (five minutes in the case of stamped parcels) before the advertised time of departure of the train by which the senders wish them forwarded.

Opium, hats, bonnet boxes, and cases of millinery double rates.

Parcels over £10 value and under £50, double rate, £50 and over, quadruple rate. Although these rates are charged, and the value of such parcels declared accordingly, the Commissioner for Railways will not hold himself responsible for contents.

Newspaper parcels and despatches, half-rates; minimum charge, 6d.

Packed parcels, (that is several parcels enclosed in one) quadruple rates.

All parcels over 56 lbs. will be charged at Goods Rates.

All parcels arriving at stations should be taken delivery of within twenty-four hours after arrival. If left over that time they will be subject to cloak room charges.

CLOAK ROOM CHARGES.—Each parcel, 2d., for twenty-four hours; over that time a charge of 1d. per day on parcels will be made. All packages left on the railway premises will be taken to the cloak room, and the above charges made. Luggage for passengers proceeding by rail may be left at any railway station subject to the foregoing charges.

Special Cloak Room adhesive tickets of the value of 2d. each are provided for articles sent to railway stations for passengers proceeding by rail. These tickets are in duplicate parts, one to be affixed to the package, the other being retained by the owner and presented at the Cloak Room when delivery is applied for. Nothing heavier than 56lbs will be received under this regulation unless it is a *bona fide* passenger's luggage. On any article not removed from the Cloak Room within 24 hours, an additional charge of 1d. per day will be made.

No claim for loss or damage, for which the department is accountable, will be allowed, unless made on the day of the arrival of the goods. All goods are carried at owners' risk; but at Commissioner's risk, on payment of an additional charge of 25 per cent on the ordinary rates.

HORSE, CARRIAGE, AND DOG RATES.

The Commissioner will not be responsible for any loss or damage whatsoever, that may be sustained by these while upon railway premises or vehicles.

HORSES IN BOXES.—Horses are charged at fixed rates according to the mileage travelled. Fifteen miles and under, 6s.; beyond that distance, about 4d. per mile for short distances; and 3d. per mile for longer distances. Entire Horses—Ten miles and under, 5s.; beyond that distance, about 6d. per mile.

The rates for horses in wagons as per goods classification are cancelled, and in lieu thereof the published rates for cattle with 25 per cent. added will in future be charged for horses.

DOGS.—Under 10 miles, 6d.; 11 miles to 25, 1s. 26 miles to 40, 1s. 6d.; 41 miles to 80, 2s.; 81 miles to 120, 2s. 6d.; 121 miles to 160, 3s.; 161 miles to 200, 3s. 6d.; 201 miles to 240, 4s.; 241 miles to 280, 4s. 6d.; 281 miles to 320, 5s.; 321 miles to 360, 5s. 6d.; 361 miles to 400, 6s.; 401 miles to 440, 6s. 6d.; 441 to 480, 7s.; 481 to 501, 7s. 6d. Charges to be prepaid.

CARRIAGES.—Carriages, coaches, buggies, dog-carts, drays, and carts, 24 miles and under, 10s.; beyond that distance, specific rates per mile travelled.

LIVE STOCK RATES.

CATTLE.—The minimum charge for 10 miles and under, is as follows:—Half 4 wheel waggon (2 head and under), 4s.; 4 wheel waggon (over 2 head), 5s. 6d.; 6 wheel waggon, 8s. 6d.; 8 wheel waggon, 11s. 6d.; beyond this distance, a specific rate for each mile carried.

SHEEP.—Senders to load as many as the vehicles will carry without over-crowding. The minimum charge for 10 miles and under is—Half 4 wheel van, 5s.; 4 wheel van, 6s.; 6 wheel van, 10s. 6d.; 50 miles; half 4 wheel van, 13s. 6d.; 4 wheel van, 20s.; 6 wheel van, 44s. 6d. 100 miles: half 4 wheel van, 25s. 6d.; 4 wheel van, 38s.; 6 wheel van, 84s.; longer distances at proportionate rates.

Cattle and sheep in full truck loads sent to Brisbane on Mondays, Fridays and Saturdays will be charged 10 per cent. less than full rates.

Sheep and cattle in full train loads will be carried on Central Line at the convenience of the department at 25 per cent. reduction off ordinary rates.

CITY OF BRISBANE.

BRISBANE, an episcopal City, and the Metropolis of the colony of Queensland, is situated on the River Brisbane, in 27° 28' 3" south latitude, and 153° 6' 15" east longitude. It was proclaimed a municipality on September 7th, 1859. It is divided into five wards; has an area of 2,183 acres; 6,750 dwellings and business premises; 58 miles of streets; and a population of 51,683—32,571 within the municipal limits, and 19,112 in the suburbs (census of May, 1886.) The estimated value of rateable property for 1888 was £4,835,000, the assessed annual value £558,278 and the amount of rates levied for 1888, £48,745.

The South Ward was joined to the Division of Woolloongabba and formed into the Borough of South Brisbane on January 7th, 1888.

In case of fire, the alarm is given by ringing the bell rapidly, and then tolling to denote the locality as follows:—

One Toll.....Kangaroo Point.

Two Tolls.....Fortitude Valley.

Three Tolls.....South Brisbane.

Four Tolls.....Town (North Brisbane).

Five Tolls.....Spring Hill and Wickham Ter.

Six Tolls.....Petrie Terrace.

A double tap of the bell followed by a pause, and repeated for a few times denotes a false

alarm. Continuous ringing, without tolls, indicates a fire on the river.

The "Sydney Mail,"

AND NEW SOUTH WALES ADVERTISER:

THE LARGEST AND MOST POPULAR ILLUSTRATED WEEKLY PAPER

PUBLISHED IN AUSTRALASIA.

**A BUDGET OF LITERATURE, AGRICULTURE, SCIENCE, MINING,
SPORTING NEWS, AND GENERAL INFORMATION.**

THE ILLUSTRATIONS usually cover FIVE or SIX pages. The Artists' and Engravers' work is not excelled by that of any publication in the Australasian Colonies. Works by some of the best Artists and Engravers of England and the Continent are also obtained by every mail to enhance the pictorial department of this increasingly popular Journal. All current events capable of pictorial treatment are given.

LITERARY MATTERS are especially attended to in the *Sydney Mail*. Original contributions by the best Australian writers are constantly appearing in its columns, and from all sources a plentiful selection of the most curious and interesting extracts is chosen and published in each week's issue.

PASTORAL AND AGRICULTURAL.—These departments being connected with the staple industries of Australia, are regarded as special features of the *Mail*. Current legislation is carefully considered, so that the interest of Graziers and Farmers may be properly conserved; and new inventions calculated to be useful on Farm or Station receive prompt attention. Novel as well as familiar crops form subjects for comment; and with a view of helping Australia, the progress of other countries is not overlooked.

MINING.—The importance of reliable information from mining districts is fully realised by the proprietors of the *Mail*; and to overcome the effects of sensational rumours, special reports, by competent writers, of new fields are promptly obtained.

In regard to SPORTING, that well-known journal *Bell's Life in Australia* is incorporated with the *Mail*. The services of "Nemo," admittedly the most competent writer on Turf matters in the colonies, are permanently retained. Aquatics, which find so natural a home on the splendid waters of Port Jackson, are carefully chronicled by experts; and Cricket, Football, and the minor sports are copiously reported and impartially commented upon.

A LEADING HORTICULTURIST each week provides Garden Directions, which are eminently practical. The usefulness of the Horticultural Department is acknowledged by thousands of amateur and professional gardeners.

AMPLE PROVISION IS MADE FOR THE FAMILY. There is the LADIES' PAGE, comprising brightly-written comment on subjects of interest to the sex; the latest Fashion Gossip; short and racy essays on social questions; and varied and valuable Household Hints and Information. In the YOUNG FOLKS' PAGE, there is always a genial story, and a column of carefully selected Wit and Humour. STORIES have a prominent place in the *Mail*, the best English and Australian authors being laid under contribution.

THE LATEST EUROPEAN AND INTERCOLONIAL TELEGRAMS are published each week.

THE NEWS OF THE WORLD is especially and exhaustively collated for publication in the *Sydney Mail*, which enjoys the advantage of the news-collecting agencies of the most prosperous of colonial newspaper establishments.
